Panel Lights

Applications

CSC LED panel lights are designed for residential and commercial suspended grid ceilings. Ideal for office, basement, gym, school, hospital, light box and sign back-lighting, and more. Perfect for replacing existing fluorescent troffer light fixtures or use in new construction applications.

Features

- Smooth, flawless wall of illumination without visible bulbs or hot spots
- Ultra-slim, bright and powerful—available in natural, cool, and warm white LEDs
- Wide 120° beam angle
- IP54 rated
- Energy-efficient, DLC listed, with a sturdy aluminum alloy frame
- 50,000 hours of use — 5 times longer than fluorescent panels
